

LATASH MAURICE NAHANEE

CHÉNCHENSTWAY – Support one another

I am campaigning to become elected as a council member of the Squamish Nation Council. I believe that together we can achieve a prosperous, safe and caring community. Through culture, respect and fairness, we can build a community that future generations will be proud of.

I have extensive business and leadership experience including ownership of several successful businesses. I also have over 30 years experience as a director and committee member for non-profit organizations.

As a traditional artist, I enjoy creating wood sculptures and performing traditional music and storytelling. I continue to perform with my wife Delhia and daughters Amanda and Marissa and many talented youth who have joined us over the years. As a lifelong learner of Squamish culture, I am proud to share my culture locally and internationally.

Trustee - Squamish Nation Trust

Elder in Residence - Capilano University

Indigenization Committee - Capilano University

Formerly appointed Director - Coho Festival Society

Former Aboriginal Education Enhancement Committee Member - Coquitlam and North Vancouver School Districts
