

The Member Support Services (MSS) Intake Process requires staff to gather information used to help make informed decisions regarding your request. All requests are evaluated on their own merit and will be given consideration based on the personal history of yourself and your household. MSS intake workers will take all necessary precautions to preserve your privacy, but there may be instances where we will need to contact your service providers to obtain account information and/or verification. Where this is the case, we will only disclose information to those service providers on an as-needed basis.

I _____, **Consent to the above.**

The answers I provide will be used to evaluate my request for assistance.
