

# **INFORMATION FOR RESIDENTS: Topographical and Inventory Survey Stawamus I.R. No. 24**

**To residents of Stawamus I.R 24.**

**Please be advised that during the month of May 2016 surveyors will be in the Stawamus community completing a topographical and inventory survey.**

**The surveyors will need to access to all areas of the reserve, including your yards, in order to determine the locations of structures, underground infrastructure such as septic tanks and fields, water supply piping, etc.**

**This work is required as part of the design for an infrastructure upgrade project being planned for the Stawamus Reserve.**

**We apologize in advance for any inconvenience this work may cause. If you have any questions please contact Totem Hall at 604-892-5166 and ask for either;**

- Austin Chandler – Team Leader, Community Operations**
- Paul Wick – Squamish Valley Administrator**
