(Our Ways of Education)

## Reclaiming Education

We are taking back control of the education of our children. We now have an opportunity to educate our people – the Skwxwú7mesh way.

### What are some of the benefits?

#### Our Children

- Our children will be taught based on a Skwxwú7mesh worldview and grow up confident in our culture and values, which will improve our graduation rate.

#### Our Curriculum

We will return to Skwxwú7mesh ways of education with:

- More culture
- Land-based learning
- Skwxwú7mesh ways of knowing

#### Our Language and Culture

- We will promote, protect and revitalize our language and culture through our education.

#### Our Teachers

- We will qualify our own teachers, working within a qualification process.

#### Our Future

- We will never again have our children's education taken away from us.
