

Meet the S7ulh wa Nexwniwéyah (Our Ways of Education) Committee

In 2021, Council asked the Squamish Nation to consider reclaiming control of education within our community. Since then, Council has met five times with representatives from the S7ulh wa Nexwniwéyah (Our Ways of Education) Committee. The committee is responsible for doing the work around the vote and for sharing information with and collecting feedback from community members about their hopes, dreams, and concerns about reclaiming education. The committee is following the rules of the Squamish Nation Election & Referendum Law throughout the process.
