Message to Community – Fencing Installation

Date: July 24, 2023

ha7lh skwáyel (good day),

We are committed to keeping our community informed as the Yúusnewas Project work takes place.

Fencing is currently being installed around the grounds of St. Thomas Aquinas Regional Secondary School. St. Thomas Aquinas will be conducting maintenance on the school property including installing a pathway and stairs from the school to the convent building, as well as a fiberoptic line along the section of property facing the parking lot. That work will begin July 25, 2023.

The fencing will remain in place for the ongoing Yúusnewas work being conducted in the month of August. Work will also be conducted on the Mission Cemetery grounds during that same time.

We will continue to provide updates as work progresses over the summer and fall. If you have any questions, contact yuusnewas@squamish.net.

Health and wellness support is available for everyone. Read the [Wellness Guide](#) for more information or contact:

Mackenzie Gomez – Yúusnewas Health Lead
