Parent Child Relationship Support

Building relationships from the inside out.

All parents struggle with connecting to their child and understanding what they need sometimes.

Through Theraplay© inspired work, our therapist guides the parent and child through playful, fun games, developmentally challenging activities, and tender, nurturing activities.

The very act of engaging each other in this way helps the parent regulate the child's behavior and communicate love, joy, and safety to the child. It helps your child feel secure, cared for, connected and worthy.

Your relationship is the answer.

COMMUNITY UPDATE ON MOSQUITO CREEK MARINA

May 5, 2024

Background & Key Facts:

- After an independent marina condition assessment concluded that the majority of Mosquito Creek Marina (MCM) docks had reached their end of serviceable life, MCM issued a notice to all Boat and Boatshed moorage customers on December 5, 2023, advising them that all property must be removed from the Marina by May 31, 2024.
- Moorage customers of Float Homes, Live-Aboard Boatsheds, and Live-Aboard-Boats will not be required to vacate the Marina by May 31, 2024.
- There is no developer involved in the closure of the marina. Nch'káy Development Corporation and the Squamish Nation are focused on addressing the immediate priorities of assessing and ensuring the safety and security of the Marina and its occupants. Nch'káy and the Nation will carefully consider all feasible options for the future use of the marina site as a portion of the Nation's Reserve Lands.

Visit www.nchkay.com/mcm-updates or scan the QR code to read a summary overview of the situation, answers to the most frequently-asked questions, and a record of all general moorage customer communications.

HOW ARE SQUAMISH NATION MEMBERS IMPACTED?

There are 6 Boat Sheds and 3 Boats owned by Squamish Members at Mosquito Creek, as well as 2 slips used by the Canoe Club.

Squamish Nation Member tenants are being accommodated, meaning they will not be required to find alternate moorage outside of an Nch'káy-owned Marina (i.e., Lynnwood or Mosquito Creek Marina). At present, no Nation Member vessels will need to be moved from MCM. If a move to Lynnwood is required, Squamish Members will be provided a minimum of six months' notice of any request to relocate their property and MCM will provide support with the relocation to ensure no added costs to the Members.

Special efforts are being made to mitigate any possible disruptions to Members' lives, businesses, and cultural or recreational activities, and staff are working closely with the affected Squamish Nation Members and continue to provide regular updates and communication to this group.

All staff at Mosquito Creek Marina, including the 20 Squamish Members who work there, will be unaffected by the changes at the Marina. There will be no loss of jobs or income as a result of this necessary work taking place.
