COMMUNITY UPDATE ON MOSQUITO CREEK MARINA

May 5, 2024

Background & Key Facts:

- After an independent marina condition assessment concluded that the majority of Mosquito Creek Marina (MCM) docks had reached their end of serviceable life, MCM issued a notice to all Boat and Boatshed moorage customers on December 5, 2023, advising them that all property must be removed from the Marina by May 31, 2024.
- Moorage customers of Float Homes, Live-Aboard Boatsheds, and Live-Aboard-Boats will not be required to vacate the Marina by May 31, 2024.
- There is no developer involved in the closure of the marina. Nch'kay' Development Corporation and the Squamish Nation are focused on addressing the immediate priorities of assessing and ensuring the safety and security of the Marina and its occupants. Nch'kay' and the Nation will carefully consider all feasible options for the future use of the marina site as a portion of the Nation's Reserve Lands.

Visit www.nchkay.com/mcm-updates or scan the QR code to read a summary overview of the situation, answers to the most frequently-asked questions, and a record of all general moorage customer communications.

HOW ARE SQUAMISH NATION MEMBERS IMPACTED?

There are 6 Boat Sheds and 3 Boats owned by Squamish Members at Mosquito Creek, as well as 2 slips used by the Canoe Club.

Squamish Nation Member tenants are being accommodated, meaning they will not be required to find alternate moorage outside of an Nch'kay'-owned Marina (i.e., Lynnwood or Mosquito Creek Marina). At present, no Nation Member vessels will need to be moved from MCM. If a move to Lynnwood is required, Squamish Members will be provided a minimum of six months' notice of any request to relocate their property and MCM will provide support with the relocation to ensure no added costs to the Members.

Special efforts are being made to mitigate any possible disruptions to Members' lives, businesses, and cultural or recreational activities, and staff are working closely with the affected Squamish Nation Members and continue to provide regular updates and communication to this group.

All staff at Mosquito Creek Marina, including the 20 Squamish Members who work there, will be unaffected by the changes at the Marina. There will be no loss of jobs or income as a result of this necessary work taking place.

WOODFIBRE LNG & FORTIS BC EAGLE MOUNTAIN GAS PIPELINE PROJECTS

Update from Skwxwú7mesh Úxwumixw Rights & Title and Environmental Working Group

We recognize we are in canoe season so if you are on the water and have any concerns, please contact 778-966-1117 immediately.

ONGOING CONSTRUCTION ACTIVITIES

With both projects in the construction phase you may observe more activity around town and at Swiyát.

FORTIS BC EGP

The Tunnel Boring Machine (TBM) at the BC Rail Yard in Squamish is currently being commissioned (fully tested) and plans are to break ground late April. An increase in truck traffic to and from the site may be observed.

The TBM at the West Portal (above the WoodfibreLNG site at Swiyát), is still being assembled and work is expected to start in early May.

Road upgrades to enable larger equipment and machinery to access the pipeline route along the Stawamus and Mamquam Forest Service Roads, as well as the Ray Basin Road continue. The Skwxwú7mesh Úxwumixw Indigenous Monitors are working to monitor the project and to ensure all amphibians are being monitored and protected as they start replacing culverts, installing bridges and other crossings at streams along the pipeline route.

Swiyát (WOODFIBRE LNG)

The Floatel requires District of Squamish approval before it can house workers. The Floatel will house non-local workers and enable them to be transported directly to the worksite by boat from Vancouver, avoiding negative impacts to housing, traffic and social services in Squamish. The Floatel has been approved by the Nation, with conditions in place to ensure the safety of our community members, a result of the Squamish Nation Environmental Assessment Agreement.

With the warm spring weather, more wildlife is being observed including a pair of nesting eagles near Woodfibre Creek. Skwxwú7mesh Úxwumixw Indigenous Monitors are on site working to make sure appropriate sound and activity buffers are maintained around the nest to limit any disturbance to the eagles. No chicks have been observed to date.

ARE YOU INTERESTED IN TRADITIONAL PLANT HARVESTING?

Back in Spring 2023, FortisBC started vegetation clearing along the pipeline route in preparation for pipeline construction. The Nation has continuously expressed the importance of our traditional medicines and plants along this corridor. We're looking for a team of Members interested in paid traditional plant harvesting along the route in advance of clearing activities.

If you are interested in paid plant harvesting work please contact swiyat@squamish.net or 778-966-1117.

EXPLANATION OF FLARING AT WOODFIBRE LNG

Known and emerging health risks of LNG terminal air pollution should be taken seriously and this continues to be a matter of interest for Sḵw̱xwú7mesh Úxwumixw Ta na wa Yúus ta Stitúyntsam̱ (Rights & Title).

We have retained air quality and emissions specialists to participate in air quality monitoring and permit conditions for project emissions, including from flaring. Options to minimize and monitor flaring remains a topic of discussion with WoodfibreLNG.

Flaring occurs during start-ups and shut-downs as part of ensuring safety of LNG plant operations. When flaring occurs, a flame will be visible from the "flare stack" (a narrow tower). Carbon dioxide and water are the primary byproducts of flaring. Other byproducts include carbon monoxide, particulates, soot, and nitrogen oxides.

The LNG plant is designed to maximize the use of natural gas for processing and production, so flaring that gas is not intended to be common. Flaring will occur for multiple days as part of the plant commissioning process. At this time, the project is required to maintain flare conditions within regulatory guidelines. **During operations, flaring will be required occasionally for safety reasons, to manage gas pressure. This is expected to occur 10 or 11 days per year.** Major facility maintenance will occur about every five years, and flaring will occur during these maintenance periods as well.

Rules for flaring (when it is allowed, how it is monitored, etc) are set through the BC Energy Regulator, and through Air Quality Management and Monitoring Plans required through environmental assessment approvals. Sḵw̱xwú7mesh Úxwumixw is engaged with the permitting and development of monitoring plans as a regulator of the project. A key permit required by WoodfibreLNG is the Waste Discharge Authorization (WDA) for air emissions, required before commissioning. The WDA will stipulate the types, sources, and thresholds for authorized air emissions. The related monitoring plan (or plans) will detail how WoodfibreLNG monitors and reports on emissions and how equipment will be maintained and repaired to minimize leaks and the need for flaring. WoodfibreLNG is currently assessing technologies to track methane emissions, including satellites, handheld monitors and fixed leak detection monitors throughout the facility. WoodfibreLNG is also looking for design improvements that reduce the need for flaring, such as compressor improvements and the use of recycle lines.

WoodfibreLNG has provided calculations on their emissions, including flaring. **Emissions during operations are expected to be roughly one quarter of the provincial guideline for LNG facilities and roughly one tenth of the global average for LNG plants.** Up to 45,821 tonnes of carbon dioxide per year is predicted from stationary combustion and flaring. The most recent data from WoodfibreLNG were provided in the March 2023 Roadmap to Net Zero. Emissions will be monitored continuously when the facility begins operations in 2027, including emissions from equipment such as the flare, medium heater and thermal oxidizer. **WoodfibreLNG's emissions will be reported by a third party, broken down by emission type and reported in regular updates to the publicly-available "Roadmap to Net Zero" on their website.** If you have any questions or concerns regarding this topic please contact Whitney Joseph.

WE WANT TO HEAR FROM YOU!

Capilano Substation Art Installations
Open call to artists for: Metal Banners
Submission deadline: **May 17, 2024**

ABOUT THE CAPILANO SUBSTATION

Capilano Substation, located at Woods Dr and Pemberton Ave, was built in the 1950s and serves approximately 12,000 customers in the area. BC Hydro is upgrading the facility by replacing it with a new substation to ensure that reliable electricity can continue to be provided in North Vancouver. As part of the upgrade work, two metal banners to be created by a Squamish Nation artist will be installed along the substation exterior.

SQUAMISH NATION PUBLIC ART OPPORTUNITY

This call is for a Squamish Nation artist or artist team to design and create two metal banners reflective of Coast Salish design and imagery at the Capilano Substation. The metal banners are to be installed on the main substation sign (left image) and continue along the north-west corner of the substation (right image, blue). Shortlisted artists will also be invited to design and develop vinyl wrap to be installed on six aluminum panels (right image, red) facing Murdo Frazer Park.

Main Substation Sign

North-west corner of substation (blue) and six aluminum panels for optional wraps (red)

GUIDING PRINCIPLES FOR SQUAMISH NATION PUBLIC ART OPPORTUNITY

- To celebrate, recognize, and give space to the Squamish Nation to represent their traditional territory; and
- To display a legacy of Squamish heritage and culture while acknowledging the BC Hydro relationship and working towards reconciliation.

TECHNICAL CRITERIA AND SPECIFICATIONS

- See page 2 for approx. dimensions (final dimensions to be confirmed with artist);
- Have a life expectancy of at least 25 years;
- Be structurally sound and durable to the elements; and
- Not present a hazard or opportunity for injury.
- Use Coast Salish designs only (No Northwest coast designs)

BUDGET

The total contract value is \$40,000 with an optional contract extension of \$10,000 for vinyl graphic wraps. The budget is exclusive of GST and inclusive of all the costs listed under the Artist Responsibilities.

ARTIST RESPONSIBILITIES

The selected artist will be responsible for (with the provided budget, as appropriate):

- Meeting all submission deadlines and milestones for the project
- Artist fee (research, concept development, renderings and other visual communication materials, presentation, project meetings and coordination with Project Co)
- Prototyping
- Studio overhead
- Insurance
- Artwork materials and fabrication
- Consultant and engineering fees and stamped drawings (artwork only)
- Shipping to station or designated storage site
- On site supervision during installation
- Professional photographic documentation
- Administrative expenses, travel expenses, and maintenance manual expenses

CALL FOR ARTISTS TIMELINE

April 22, 2024	Announcement of Squamish Nation Artist Call
May 17, 2024	Deadline for Artist Expression of Interest
May 24, 2024	Proposal Review & Shortlist Three Artists (Stage 1)
June 17-21, 2024	Shortlisted Proposal Presentation (Stage 2)
June 24, 2024	Final Artist Selection from Shortlist
September 2024	Art Installation (<i>contingent on BC Hydro substation upgrade schedule</i>)

ELIGIBILITY

This public art call has been prepared to solicit responses specifically from Squamish Nation artists who can demonstrate the creative expertise and technical skills required to manage all phases of the public art process, from design development to installation. Further artistic considerations include reflecting Squamish Nation Coast Salish design and imagery. Squamish Nation individual artists or artist teams may submit a proposal.

ARTIST SELECTION-2 STEP PROCESS

The selection process will be a two-stage, limited open call to Squamish Nation artists:

1. An expression of interest inviting artists or artist teams to submit a short project proposal with qualifications and examples of past work; and
2. An interview process inviting shortlisted applicants to present their proposal. Shortlisted applicants will also be invited to submit an optional proposal for a vinyl wrap concept design.

APPLICATION REQUIREMENTS

Artists or artist teams interested in either opportunity must prepare and submit an electronic application in one (1) pdf file no larger than 10 MB. Please include the following in the submission:

- **Letter of interest** - Including a summary of the idea you are interested in developing for the artwork (no more than one page).
- **Current resume** – If applying as an artist team, please provide one for each artist.
- **Sample of previous work** - Up to five (5) images of past work and a brief description of each, including title of artwork, medium, date of completion, dimensions, location, and commissioning body.
- **References** - Name and contact information of two (2) reference persons who the artist has worked with the past and are familiar with the artist’s work and practice.
- **Artist contact information**

APPLICATIONS SUBMISSION:

Please submit your electronic application to Jonathan Williams at jonny_williams@squamish.net. Please include “Capilano Substation – Banner” in the subject line.

Metal Banner (substation sign) – approx. 550 x 12000mm

Metal Banner (NW facing) – approx. 550 x 7200mm | Aluminum Panels – approx. 1800 x 3500mm (6)

Medical Travel for Members: Info Sheet

When a member books a medical appointment that is more than 30 km away from home, they can get a Gas PO. This happens in two ways:

- 1) ***Any Member can contact Caroline @ Health Benefits directly @ 236-877-7782 and request a PO, or by filling out and dropping off the attached intake form.*** The PO will be made out in the Member's name & if a friend or family member is driving, their name will also be included on the PO.
The Member or someone acting for them can pick up the PO at Totem Hall.

- 2) ***Elders contact the Elders Team and book a ride with them.*** Elders Drivers complete a *Medical Transportation Intake Form (see reverse)* and email it to Caroline, who makes a PO for the Member Vehicle. Intake forms must be made for each booking even if Members are travelling together.
The PO will be made out in the Member's name, with the Member Driver's name included. The PO will be given to the Member Driver.

Gas PO Policy:

- a) ***48 hours-notice is required for ALL Gas PO requests.*** Urgent requests will be considered on a case by case basis, time permitting.
- b) ***Only one active PO can be issued per appointment/trip; and Multiple PO's will NOT be issued if travelling members are ride-sharing in any way.***
- c) ***PO's are non-transferrable & must be returned if the appointment doesn't happen.***
- d) ***24 hours-notice is required for cancellations*** with the Elder Drivers, as well as requests to change any Gas PO.

Are you interested in the Health Care field? Please join us for a Q&A Meeting!

The SNTTC is collaborating with Vancouver Coastal Health and Capilano University. We are looking for passionate, caring individuals to join our Health Care Support Workers through our Career Access Program.

Health Career Access Program is a new entry-level opportunity for individuals interested in joining the health care sector and making a difference in the lives of people by receiving paid education to become a Registered Health Care Assistant.

The program is designed to provide Aboriginal students with opportunities to develop the knowledge, skills and attitudes necessary to function effectively as front-line care-givers, and respected members of the healthcare team, in community. Under the direction and supervision of a health professional, you'll provide person-centered care aimed at promoting and maintaining the physical, emotional, cognitive, and social well-being of clients/residents.

GRIEF AND LOSS WORKSHOP

As Indigenous People, we have faced a complexity of experiences that informed our grief process or halted it. In this workshop, we engage with critical information and education around grief and loss and facilitate self-awareness and empowerment toward healthy actions for personal healing.

Sgaalaanglaay, Gaamdaamaay (Vernon Williams Jr.) from Lumara Grief & Bereavement Care Society works in traditional teachings that have been passed down from wonderful mentors.

AYAS LAM FAMILY PROGRAM

CIRCLE OF SECURITY

8 WEEK PARENTING GROUP

EIGHT WEEK PROGRAM

At times all parents feel lost or without a clue about what our child might need from us. Imagine what it might feel like if you were able to make sense of what your child was really asking from you.

The Circle of Security® Parenting™ program is based on decades of research about how secure parent-child relationships can be supported and strengthened.

Parents and caregivers will learn to:

- Understand their child's emotional world by learning to read emotional needs
- Support their child's ability to successfully manage emotions
- Enhance the development of their child's self esteem
- Honor the innate wisdom and desire for their child to be secure

Tuesdays 10am-1pm

Starting May 21st for 8 weeks

Parent Child Relationship Support

Building relationships from the inside out.

All parents struggle with connecting to their child and understanding what they need sometimes.

Through Theraplay© inspired work, our therapist guides the parent and child through playful, fun games, developmentally challenging activities, and tender, nurturing activities.

The very act of engaging each other in this way helps the parent regulate the child's behavior and communicate love, joy, and safety to the child. It helps your child feel secure, cared for, connected and worthy.

Your relationship is the answer.

The First Nations Child and Family Services and Jordan's Principle Settlement has been approved. **This is what this means for you.**

First Nations Child and Family Services and Jordan's Principle Settlement

The Court has approved the Settlement Agreement in the First Nations Child and Family Services and Jordan's Principle Class Action. This means that Canada will pay \$23.34 billion in compensation for impacted First Nations children and some of their family members.

This notice provides information about the Settlement. You can find more information and sign up for updates at www.fnchildclaims.ca or you can call 1-833-852-0755.

What's the Settlement about?

The Settlement provides compensation to First Nations children living on reserves or in the Yukon who were removed from their homes by child welfare agencies operating in First Nations communities and placed in out-of-home care between April 1, 1991 and March 31, 2022.

The Settlement also provides compensation to First Nations children who did not receive timely access to essential services and who had a confirmed need for those services between April 1, 1991 and November 2, 2017. This treatment discriminated against the children and broke a legal rule known as Jordan's Principle.

Am I included in the Settlement?

Compensation is not yet available. When it becomes available, you may be eligible for compensation if you are one or more of the following:

<p>A child removed from their home or placed off-reserve</p> <p>Removed Child Class</p>	<p>A child who had a denial or delay of an essential service</p> <p>Jordan's Principle Class Trout Child Class Essential Service Class</p>	<p>A child placed off-reserve</p> <p>Kith Child Class* Kith Family Class*</p>
<ul style="list-style-type: none"> • First Nations children who, while under the age of majority between April 1, 1991 and March 31, 2022, were living on a reserve and were removed from their homes by child welfare authorities or voluntarily placed into care. • The placement was funded by Indigenous Services Canada (ISC). • At least one caregiver (parents or grandparents) were resident on reserve or living in the Yukon. 	<ul style="list-style-type: none"> • First Nations children (living on-reserve or off-reserve) who were confirmed to need an essential service but faced a delay, denial or a gap in receiving that essential service between April 1, 1991 and November 2, 2017. 	<ul style="list-style-type: none"> • First Nations children placed off-reserve with a non-family caregiver. • The caregiver did not receive any funding related to the placement. • A Child Welfare Authority was involved at the time of the placement. • Caregiving parent or grandparent of children of the Kith Child Class <p><small>*If you think you are in this group or their parent or grandparent, and you want to be excluded from the settlement, you can remove yourself by submitting an Opt-Out Form, by January 15, 2024. If you submit the Opt-Out Form, you will not receive compensation from the settlement.</small></p>
<p>The caregiving parent or grandparent of a child who experienced removal or a delay or denial of an essential service</p> <p>This includes birth, adoptive and step parents. It does not include foster parents.</p> <p>Removed Child Family Class Jordan's Principle Family Class Trout Family Class</p>		
 <p>A fund of \$50 million will be established to assist First Nations children and families impacted by Canada's discrimination. An additional fund of \$90 million will be established to benefit high-needs Jordan's Principle class members to ensure their personal dignity and well-being.</p>		

When will I receive compensation?

The first Claim Forms will be available in several months. Please visit www.fnchildclaims.ca for more information, updates and timelines, and to find out when Claim Forms will be available.

What can I do now?

Sign up for updates at www.fnchildclaims.ca. This will ensure that you receive updates on the claims process and a copy of the Claim Forms when they are available.

There are supports and resources available to help you understand the Settlement and apply for compensation when the claims process is open.

 <p>To learn more about the Settlement and sign up for updates on the claims process, visit www.fnchildclaims.ca.</p>	 <p>Claims support services are available by calling the Administrator at 1-833-852-0755.</p>	 <p>If you are experiencing emotional distress and would like to speak with a counsellor, please contact the Hope for Wellness Helpline at 1-855-242-3310, or visit www.hopeforwellness.ca to chat.</p>
