To the Squamish People,

**Re: April 2026 Distribution**

Nexwsxwníwntm ta Úxwumixw (Chairperson and Council) would like to thank you for recently raising your concerns regarding the annual Distribution. As a result, we wanted to send an update and hopefully clear up any confusion around the amount being distributed this week.

The resolution that was passed by the People at the last Annual General Meeting to increase the Distribution and ensure the amount is annually indexed to inflation, is now passing through the necessary approval process. It is expected to receive final budgetary, policy, and Council approval in May.

Once receiving final approval, the total Distribution for 2026 will increase to \$1700.00.

This week's first payment is \$272.10. The remaining balance of \$1427.90 will be distributed across the last two payments in August and December of 2026.

We hope this clears up any confusion.
